Officer Morgan Brown is a cop with the Anaheim Police Department who is working overtime and is dealing with his own personal crisis. The subject passed away. Probably before this accident. No body was found. A wallet was in the car, but the driver's identity was unknown to the police. No head, face, or hands were found. No belt buckle. No name. Let's take a moment to look at our field guide to weird and wonderful single malt whiskies. First up, the only Irish whisky I can drink without feeling hot and bothered: the wonderful Islay Single Highland Malt. For those of you, like me, who have been evangelising Islay whiskies for some time, here's how it is: a grain based spirit (usually a combination of barley and malted barley), infused with peat smoke, matured in a wooden warehouse, and bottled at only 69.2% ABV. It's like hot water with oatmeal. A perfect representation of the character of the island it comes from. A peaty, smoky, insular, idiosyncratic spirit that is only available on Islay. A divine accompaniment to scotch, islay, balmy weather, and a particularly good book on peat. Available in most good-sized British high-street shops, and available to order direct from the distillery. Next up, for the whisky geek, we have the Brora. Also pronounced Burro (the French do it differently) this spirit comes from the tiny Scottish island of Orkney. The only reason you should care about this is that it is the only single malt whisky aged in pure bourbon casks. As well as being a cool and bloody handy moniker, it's also a reflection of the way it's made. Whilst you can find a single malt whisky made from a grain base, most people don't bother with one made from barley and malted barley and the distillery has recently cut back on their production to become more selective. With less than 10,000 bottles being produced each
