steam api.dll age of empires 2 hd ===== The problem you will find is that the game doesnt want to connect to Steam. Here's how to fix it. If you downloaded and installed a mod, you must disable mods by doing some modifications to the game files. 1. Open Steam and search for the game. 2. Press the play button and choose the option to close the game. 3. Now go to the game's folder and open Steam's folder. 4. Now open the game's folder. 5. Now open the game's folder.
