VeryDOC EMF to Vector Converter is a useful software for professional and computer graphics and illustration industry. It's a powerful, yet simple conversion utility to convert any EMF or WMF files to vector graphic formats: PDF, PS, EPS, SVG, SWF, XPS, etc. This useful utility is specially designed for both professionals and hobbyists who need to convert EMF and WMF files to vector graphics and raster image formats. It's capable to convert files automatically and can be used in both unattended and batch mode. EMF2Vector is easy to use. Just specify your destination files, such as PDF, EPS, PS, SVG, SWF, XPS, HPGL, PCL, TIFF, etc., and you can get the desired output with a few clicks. It's a standalone utility. No Adobe Acrobat or Adobe Reader needed. Vector Image Generated with EMF2Vector is text searchable in Adobe Reader and other PDF viewer products, such as Adobe Acrobat, Adobe Reader, etc. It's a PDF file with graphic vector images. The source EMF or WMF files are not required to be saved in native EMF or WMF format for the vector image to be produced. The source files are converted to vector images and saved in standard vector graphic formats as well. You can convert multiple files at the same time. It's very useful when you need to convert several EMF or WMF files for batch processing. If the resolution of the source files needs to be changed, the destination file resolution can be specified and will be preserved. The software supports Unicode characters, including Chinese, Japanese, Korean, Thai, etc. fonts. EMF2Vector supports all Windows and Macintosh operating systems, including XP/Vista, Win 7/8/8.1/10, Mac OS X 10.1, Mac OS X 10.2, Mac OS X 10.3, Mac OS X 10.4, etc. EMF2Vector allows you to control the following options: Font embedding: Embed the source fonts into the vector graphic format files. Embed the special character (Arial, Helvetica, Times, Century, etc.) into the vector graphic files. Embed the keywords (upper-case, lower-case, title-case, sentence-case) into the vector graphic files. Embed the text
